ABOUT

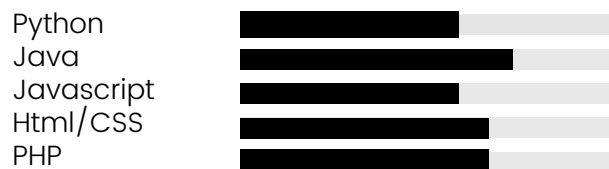

Enthusiastic IT student with expertise in object-oriented programming, front end web development and will start working with Artificial Intelligence in the near future. Having completed numerous projects during my studies and personal projects such as [www.verandabeyond.be](#) and ARMonsters (A gift card service that is not being hosted anymore, the source code can be found on my GitHub repositories) I have gained knowledge on the technologies I have studied.

EDUCATION

Ulubatlı Hasan Anatolian Highschool | 2014-2018

Thomas More Hogeschool (Ongoing)

PROGRAMMING LANGUAGES
