- Java, Springboot 8/10
- PHP, Laravel 9/10
- MySQL, SQLite, MongoDB 7/10
- WPF, ASP.NET MVC 6/10
- Github 8/10

SUMMARY

As an Applied Computer Science student in an international school, I have been able to develop strong communication skills with people of diverse backgrounds through my coursework and team projects. I have also been able to earn experience in presenting technical concepts to non-technical audiences which has also helped me to develop communication skills. I am an individual that likes to pursue difficult tasks and I am eager to learn from my senior colleagues.
